Room Cleaning / Towels

As a PADI 5 dive center, we want to lead by example and actively contribute to protecting the oceans and our island. Therefore, environmental protection and the conscious use of energy and resources are top priorities for us.*

You can support us as well—for example, by reusing your towels. If you wish to do so, simply leave the towels hanging. If you need fresh towels, please place the used ones in the laundry basket and put it outside the door.

On your room door you will find our two door signs indicating whether you would like room cleaning or prefer to decline it for sustainability reasons.

On our boat, we provide towels for you. Please do not use the bathroom towels for the beach—separate beach towels are provided for this purpose.

Non-Smoking Room

Please note that smoking is not permitted in any of our rooms. In the event of non-compliance, we will charge you EUR 200 for room cleaning.

Emergency

Please refer to the emergency plan. Fire extinguishers are located in the hallways. In the event of fire, please leave the building as quickly as possible and proceed to the street.

Tip

*Tips can be placed in the available TIP box.
These are distributed monthly among our staff.
Our staff is used to receiving tips, but you are
of course welcome to write a note on the receipt.
We will gladly pass it on to our staff.*

Games / Books

*Games or books are available for everyone.
But please take good care of them.
It's a great effort to make them available here at Shamar.*

Shamar Shirts

*Feel free to contact our staff if you would like to purchase a shirt.
They will be happy to help you find the right color and size.*

Pets

*Our animals are generally not aggressive.
However, we ask for your understanding that we cannot take any
responsibility in any situation, as each encounter is individual.*

*A small note: Please do not feed our animals.
They like to stop by and hope for a little attention,
but they have their own favorite spots where they like
to be given something to eat.*

*If you would like to give them something,
please only give unseasoned food,
as anything else could be harmful to their health
and cause them unnecessary discomfort.*

Thank you for your understanding
